

Homework submission guidelines

- Submit a well commented code along with other needed files (for example input data), there is no need to create reports. I will run the code as a part of the correction procedure.
- Put all the files into a .zip archive and name it "hw_{number of homework}_surname_name" - e.g. hw_2_Kozmik_Karel
- Homework is submitted by sending it to my email address:
kozmiikk@karlin.mff.cuni.cz
- Homework must be submitted before the deadline, if you have any issues, write me an email before the deadline passes and an extension of the deadline will be granted
